

# COMBINE PHYSICAL DISTANCING WITH FACE COVERINGS

The Cal/OSHA emergency temporary standard, title 8 section 3205, requires all California employers to use physical distancing and face coverings at the workplace to help prevent the spread of COVID-19.

Potentially infectious virus particles can travel more than six feet, especially indoors, so it is important to combine physical distancing and proper use of face coverings.

## Only Physical Distancing = Infection Possible

## Only Face Coverings = Infection Possible

## Physical Distancing + Face Coverings = Infection Less Likely
