III. Old Business

Jack Buckhorn discussed that good news that in fiscal year 2022-23, the Legislature appropriated \$88,122,000 for RSI reimbursement. The appropriation is split between community colleges in one group and K12 school districts and county offices of education in a second group (the second group referred to as K12 LEAs). In fiscal year 2022-23, community colleges received

\$39,237,000 and K12 LEAs received \$48,885,000. The reimbursement of community colleges is directed by Education Code sections 79149 through 91749.7. The reimbursement of K12 LEAs is directed by Education Code sections 8150 through 8155. Although the two groups are directed by separate sections of the Education Code, the direction is largely identical. The reimbursement rate for both groups is established by the Budget Act and is \$8.82 in fiscal year 2022-23. Was previously \$6.77/training hour.

Questions that were asked:

How do we utilize the increased amount of money that we have in place for RSI?

Discussed how do we allow new programs to use the RSI money?

How does the money transfer between the Community College side and the adult Education side?

Sean McCobb, Program Assistant II, Workforce and Economic Development with the California Community Colleges Chancellor's Office answered questions received from the apprenticeship community.

Yvonne discussed how the RSI funds were available for 3 years. She stated that this was put in the budget bill and this was not put in statute. Discussed methods to track this.

Discussed creating a possible AdHoc committee for RSI. Want to get a representative from Department of Ed to work with us on this committee. Will reach out to get someone present at all RSI meetings.
