Adopted: 6/8/2023

IACA Homeless & Foster Youth Subcommittee Overview

Interagency Advisory Committee on Apprenticeship created the Homeless & Foster Youth subcommittee with the passage of Assembly Bill 565 (2022) on September 22, 2021. The Homeless & Foster Youth subcommittee first convened on October 24, 2022, to study and report on issues related to the participation of homeless youth and foster youth in apprenticeships and pre-apprenticeships.

The subcommittee also supports the advancement of apprenticeships in California through the Department of Industrial Relations (DIR) 2022 Five-point Plan, specifically supporting youth apprenticeships for in-school and out-of-school youth.

We are committed to *learning* about this population and finding innovative approaches to apprenticeships and engagement. *Connecting* these youth to their desired industry and/or occupation and bringing stakeholders together to serve these youth in the apprenticeship space. *Growing* and increasing the number and visibility of apprenticeships throughout the state and ensuring our youth reach their career milestones through pathways of guidance, outreach, and partnerships. Lastly, we are committed to seeing these youth *thrive* within the apprenticeship world by supporting and creating the sustainability of the programs.

This Charter will be reviewed as needed to ensure that it is in alignment with the needs of all stakeholders.
