-----  
I understand that Title 8 of the California Code of Regulations (T8CCR) section 5144(g)(1)(A)1 (Respiratory Protection) prohibits the use of respirators with tight fitting facepieces if an employee has facial hair where the respirator sealing surfaces contact the face.

I affirm that I will not enter regulated areas (containment) as defined in T8CCR 1529(b), as part of my employment or engage in other activities that would require me to use respiratory protection if I have facial hair that comes between the sealing surface of the facepiece of a respirator and the face.

I further affirm that if circumstances arise that requires my use of a respirator; I will shave before using a respirator with a tight fitting facepiece.
