#### "Man on a Mission"

I'm a man. I'm a man.

I can walk all alone through a river of fire
Cause my heart is true
Put my soul on the line
That's what I'd do, that's what I'd do

There's a power in passion

That I can't control

It's a natural reaction

I can't let it go

# A Corporate Model for Safety & VPP Success

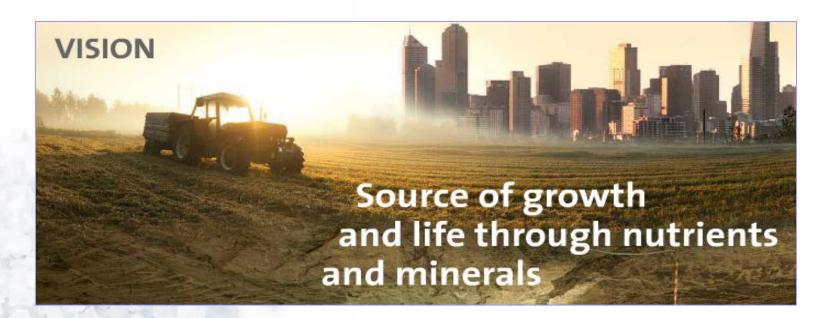

"Nothing is more important to Morton Salt than health and safety... not production, not sales, not profit."

C. Herman

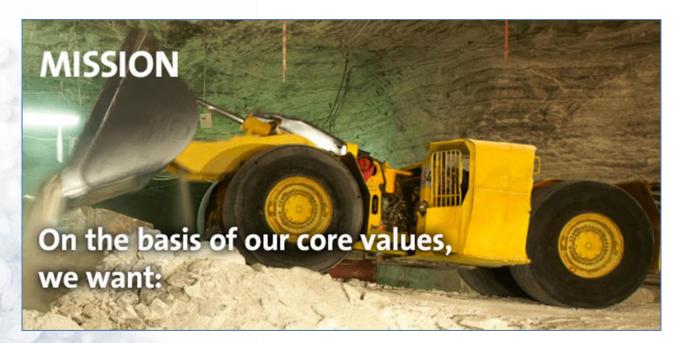

#### Vision and Values

Our vision and mission provide the framework for today's activities and for the strategic orientation of the Group and shall explain the basis for our thinking and actions to our employees, shareholders, lenders, customers, suppliers and the public.

#### **Management Guidelines**

#### Talk with one other and trust each other:

We **respect others and their opinions**, reject every form of discrimination and live the K+S core values, take time to talk, listen to others and let them finish talking, and deal openly with mistakes and solve conflicts objectively.

#### Act purposefully and design changes:

We support changes and prepare ourselves for new requirements on time, optimize processes, minimize costs and so contribute to K+S' competitiveness, **show initiative**, **accept responsibility and make clear decisions**.

#### **Encourage and support employees:**

We motivate our employees to excel and <u>support their ideas and proposals</u>, assign tasks and responsibilities to them and encourage their strengths,

speak with our employees about their behavior and performance and invite their feedback about our own cooperation.

#### Lead with objectives:

We define our Group's and our own objectives to our employees, develop and agree demanding, reliable, scheduled and measurable objectives with our employees, motivate our employees to participate actively in the agreement on objectives and to implement their objectives with commitment.

# Why VPP?

Nothing travels faster than light, with the possible exception of bad news, which follows its own rules –

Douglas Adams

## Striving for Perfection

# INJURY 3

#### DEPENDENT

- Compliance is the focus
- Safety is a condition of employment
- Rules/discipline
- Management/Supervisor control
- Safety is important but profit and cost may be perceived as the focus

#### INDEPENDENT

- More than compliance
- More reinforcement of safe behaviors by management, than discipline
- More preventive than reactive
- Personal commitment
- Personal standards
- Management seeks employee input

**NO INJURIES** 

- Individual recognition
- Safety is a priority

#### INTERDEPENDENT

- Team commitment, goals
- Team contributor
- Reinforcement of safety comes from within the group, not always dependent on management to deliver it
- Look out for each other
- Performance feedback from peers is normal
- Safety is a value

## **VPP Commitment**

# **SAFETY BELIEFS**

#### What We Have To Believe

#### PEOPLE

The health and safety of people is valued above all else.

#### PREVENTION

All occupational injuries and illnesses can be prevented.

#### **EXCELLENCE**

**Excellence** in safety is compatible with excellence in other business parameters such as quality, productivity and profitability; they are mutually supportive. Safe, healthy employees have a positive impact on all operations and customers, and enhance credibility in the community.

#### **INTEGRAL PART**

Safety must be made an integral part of everything we do.

#### **ATTITUDES**

Good safety is a result of the **attitudes** and beliefs of people. Most injuries and safety incidents occur because of lack of attention to safety. People take risks and allow others to take risks because they **believe** they will not get hurt.

Environmental, Health and Safety Guidelines designed to protect human and property resources.

- CONFINED SPACES will not be entered until adequate provisions are made and conditions are verified.
- SAFETY PERMITS will be obtained and procedures strictly followed, where required.
- SAFETY EQUIPMENT will not be DISABLED without proper review, alternative measures, and adequate communications, when processes are in operation.
- ILLEGAL DRUGS OR ALCOHOL will not be in the possession of employees, sold or used on company property. Employees will not report to work under the influence of illegal drugs or alcohol and are not permitted to bring FIREARMS on company property.
- ENERGY SOURCES will be properly isolated, locked out and tagged out as required, before work begins.
- HICH WORK will not be done until adequate fall protection measures are made.
- HOT WORK will not be done until adequate provisions are made to prevent fire and explosions.
- . SMOKING is permitted in designated areas only.
- PROPER OPERATION— Do not by-pass pollution control equipment or change pollution monitoring, sampling or control systems without proper authorization.
- SEATBELTS— Provided seatbelts shall be used on all company owned, leased or rented vehicles and personal vehicles while on company property or while on company business.
- DATA INTEGRITY— Never falsify or knowingly omit relevant information in any EHS documents, statements and permits.
- CHANGE MANAGEMENT— Never make a process, equipment or procedural change without the required review.
- REPORTING— immediately report all non-routine chemical releases (liquid, solid, or gas) that are in excess of reportable quantities.

Guidelines to follow throughout the year.

12 qualify for VPP (33%) 8 Star (22%)

Two internal applications

# Outreach, Mentoring and Community Involvement

VPP- The responsibility to share

## How Does Morton Support VPP Sites in California?

- Meet with plant employees and Safety Committees in person
- Attend "Safety Days" at the sites
- Open door policy. Staff may contact Director of Health, Safety, and Security anytime.
- Safety is personal, not just professional
- Other companies helped:
  - Waste Management
  - Phillips 66
  - Cisco
  - South Wire
  - Hamilton Sundstrand
  - NRG
  - Safeway Scaffolding
  - Fresh Point Southern California
  - Bimbo Bakeries

### Corporate as a Successful Safety Resource

- Organize and Develop Safety Days
- Inspections and Training
- On-call 24/7 support for employees at all levels
- Comprehensive evaluation of all sites
- Follow up on outstanding items until completion
- New projects / MOC
- Celebrate achievements
- Coordinate Subject Matter Experts (SMEs)

#### **VPPPA** Participation

- Jimmy Jacquez, Director at Large, Region V
- Christina Ross, Vice Chairperson, Region VIII
- Scott Stice, Treasurer, Region VIII
- Gilbert Aceves, Rep from a site with CBE, Region IX

#### **Audits**

- Federal Audits
  - Bobcat, Delta, DAL Global Systems,
     Yellowstone National Park, USPS
- California Audits
  - Georgia Pacific, Waste Management Carlsbad, Hamilton Sunstrand (2), Long Beach and San Diego
- Other Audits
  - Blue Linx, Cincinnati OSHA Area Office

#### Mentorship/Education

- VPP Introduction presentations
- Union presentations
- Mock Audits
- VPPPA Booth for Utah Safety Conference
- VPP 101 Class (conference and companies)
- VPP Application Work Shops
- Regional and National Presentations

### Safety Journey & Beyond/VPP

#### Five Star Approach

#### Nothing is more important to Morton Salt than Health and Safety...

Not production, not sales, not profit.

C. Herman

- Safe, sustainable performance is a value outcome of all things working together:
  Safety, Environment, Quality, Reliability, and Production
- Salt Institute ranked Canadian Salt Co. Ltd. as the safest organization in the large company category for 2012
- Salt Institute recognized 6 of our facilities for having perfect safety indexes in 2012

- 7 of our Facilities have surpassed over 1 million working hours without a lost time incident
- 5 of our US Facilities and our Corporate Office are VPP Star Certified
- Our Mine Rescue Teams complete
  extensive on-going training and compete
  annually at Mine Rescue Competitions

"Nothing is more important to Morton Salt than health and safety... not production, not sales, not profit."

C. Herman

## Safety Journey & Beyond- VPP is good for business! Never forget the basics!
