Citation 1 Item 1  Type of Violation: Serious

California Code of Regulations, Title 8, 3203(a) (4) (6) - Injury and Illness Prevention Plan
(a) Effective July 1, 1991, every employer shall establish, implement and maintain an effective Injury and Illness Prevention Program (Program). The Program shall be in writing and, shall, at a minimum:
(4) Include procedures for identifying and evaluating workplace hazards including scheduled periodic inspections to identify unsafe conditions and work practices. Inspections shall be made to identify and evaluate hazards:
(A) When the Program is first established;
(B) Whenever new substances, processes, procedures, or equipment are introduced to the workplace that represent a new occupational safety and health hazard; and
(C) Whenever the employer is made aware of a new or previously unrecognized hazard.
(6) Include methods and/or procedures for correcting unsafe or unhealthy conditions, work practices and work procedures in a timely manner based on the severity of the hazard:
(A) When observed or discovered; and,
(B) When an imminent hazard exists which cannot be immediately abated without endangering employee(s) and/or property, remove all exposed personnel from the area except those necessary to correct the existing condition. Employees necessary to correct the hazardous condition shall be provided the necessary safeguards.

REFERENCE:
California Code of Regulations, Title 8, 5141(a) - Control of Harmful Exposure to Employees
(a) Engineering Controls. Harmful exposures shall be prevented by engineering controls whenever feasible.

VIOLATION
Prior to and during the course of the inspection, including, but not limited to, on July 1, 2020, the employer failed to implement and maintain an effective Injury and Illness Prevention Program (IIPP), including, but not limited to the following instances:

Instance 1
The employer failed to effectively identify and evaluate workplace hazards relating to COVID-19 that affected employees working in a packing facility bagging and stacking onions, including, but not limited to:

1. The lack of physical distancing between employees at the tables in the break area;
2. The lack of effective physical barriers to block potentially infectious particles from being released among employees sitting less than six feet apart at tables in the break area; and
3. Permitting employees who were potentially ill and/or were infected with SARS-CoV-2 (the virus that causes COVID-19) to enter the workplace prior to June 30, 2020.

[3203(a)(4)]

Instance 2
The employer failed to effectively implement methods or procedures to correct unhealthy conditions or work practices relating to COVID-19 that affected employees working in a packing facility bagging and stacking onions, including, but not limited to the:

1. The lack of physical distancing between employees at the tables in the break area;
2. The lack of effective physical barriers to block potentially infectious particles from being released among employees sitting less than six feet apart at tables in the break area; and
3. Permitting employees who were potentially ill and/or were infected with SARS-CoV-2 (the virus that causes COVID-19) to enter the workplace prior to June 30, 2020.

[3203(a)(6)]

Or, in the Alternative to Instance 2b
Prior to and during the course of the inspection, including, but not limited to, on July 1, 2020, the employer failed to prevent harmful exposures of employees to infectious or potentially infectious airborne particles by ensuring the use of effective engineering controls to prevent the spread of COVID-19, including physical barriers to limit contact and block potentially infectious particles from being released at tables in the break area when a person breathes, speaks, coughs, or sneezes.

[5141(a)]
