1. After transmission of data which is entered at the District Office, the Integrated Management Information System (IMIS) host computer converts all alphabetical letters entered, regardless of case, to upper case.

1. The establishment name is the legal name of the establishment. For a sole proprietorship or a partnership, enter the trading name of the establishment. For a corporation, enter the name of the corporation, unless a subsidiary of the corporation controls the establishment inspected. In that case, enter the name of the subsidiary.
2. If an employer is doing business under a name other than the legal name of the establishment, both names may be entered, using the "dba" (doing business as) or "aka" (also known as) abbreviation.
Enter the legal name first followed by the dba or aka name as follows:
