To whom it may concern,

I received a package with notice of Provider Suspension ---Workers' compensation for Crescent Comprehensive Management, Inc.

1. Just to clarify Crescent Comprehensive Management, Inc. is not a provider or participates workers' compensation system and has not billed any medical services under this name---it is simply a management company.
2. As mentioned by John Gordon CMD Management (aka. Crescent Diagnostics, Inc). I have no association with CMD management.
3. Crescent Diagnostics, Inc has been close since 2010 for over 12 years.
4. As stated on page 3 Crescent Diagnostics aka Crescent Comprehensive Management, Inc is not true. Crescent Diagnostics has been closed for over 10 years and Crescent comprehensive management, Inc. is not a medical provider company rather just a management company.
5. Please provide evidence that Crescent comprehensive management Inc., is/has been a provider in the workers' compensation system.
6. I'm humbly requesting for a hearing to dismiss notice of Provider Suspension for Crescent Comprehensive Management, Inc. `
