Mr. Connor Schmeding
Office of the Director
Department of Industrial Relations
Transmitted by Facsimile Only: 415-703-5344

Dear Mr. Schmeding,

Contractor Compliance and Monitoring Inc. (CCMI) is submitting its Annual Report. CCMI provides services to public agencies which do not have their own LCP approved program (thus using CCMI’s LCP) as well as contracting with public agencies to administer that agencies’ LCP.

I am enclosing reports of the following Public Entities¹ which use CCMI’s Labor Compliance Program:

Brannan-Andrus Levee Maintenance District
Burlingame School District
Calleguas Municipal Water District
Ceres Unified School District
Delano-Earlimart Irrigation District
City of Fremont
Kirkwood Elementary School District
Merced Union High School District
North Coast County Water District
Oroville Union High School District
Reclamation District #38
Reclamation District #800
Riverbank Unified School District
County of Santa Cruz Department of Public Works
Santa Cruz County Health Services Agency
Santa Cruz County Sanitation District
County of Santa Cruz Resource Conservation District
Soquel Creek Water District
Stanislaus County Office of Education
St. Helena Unified School District
Sutter Union High School District
County of Ventura
Ventura County Resource Conservation District
Ventura County Watershed Protection District
Ventura County Waterworks District
Whittier Union High School District

¹ In our prior Annual Report, we included Plumas Unified School District’s Portola Junior/Senior High School Dining Area project because we were unsure of the funding. We have subsequently learned that the funding is Prop 1-D and therefore we have not included said project in this year’s Annual Report.
For your information, CCMI assists the following public agencies in implementing their own LCP. This information is not included in CCMI’s annual report and will be submitted separately by the appropriate awarding body:

El Dorado Union High School District
Hughson School District
Livermore Joint Unified School District
McSwain School District
University of California

Should you have any further questions or comments, please feel free to contact me directly.

Sincerely,

Deborah Wilder
President
State of California   )
County of San Mateo ) ss.

I, Deborah E.G. Wilder, hereby declare and State:

1. I am the president and majority stockholder of Contractor Compliance and Monitoring, Inc. (CCMI), a third party labor compliance program approved by the Department of Industrial Relations. I submit this statement for the purpose of compliance with Title 8 CCR Sections 16431(5), 16426(a)(2), (3) and (5).

2. From November 1997 through December 5, 2005 I served as a member of the Foster City Council, including two terms as Mayor. Each year in approximately April, I filed a Form 700 with the Fair Political Practices Committee (FPPC). In December 2005, I filed a “leaving office form 700” with the FPPC. Neither I, nor any of the officers nor employees of CCMI are elected or appointed officials. None of the officers or employees of CCMI participate in the making of government decisions for any Public Agency within the State of California.

3. CCMI conducts and intends to continue to conduct Labor Compliance programs throughout all of California. As provided in our Annual Report, we provide services as far north as Yreka and as far south as Chula Vista. We have 3 statewide offices located in San Mateo, San Diego and in the Central Valley (Tracy). We provide LCP services to School Districts, County Offices of Education, Colleges, Cities, Water Districts and the University of California. A listing of all such Public Entities is listed on the attached Annual Reporting form and attachments.

4. CCMI does share office space and has a close affiliation with the Law Office of Deborah Wilder. I am the 100% owner of the Law Office of Deborah Wilder and a 52% shareholder of CCMI, However, neither CCMI, nor the Law Firm nor myself have been awarded a public works construction contract within the State of California, has been a surety of such a contract, nor been involved in the establishment of a joint labor-management committee pursuant to the Federal Labor Management Cooperation Act of 1978, nor have any of these entities represented workers employed in the same or similar classifications of those employed for such a contract or the other items set forth in 16426(a)(3).
5. I am a practicing attorney in the field of labor and employment law. I have over 30 years experience in this field, including the writing of LCPs in the early 1990s, when they were first voluntary. I am CCMI’s legal counsel for its LCP and am involved in the day to day operations of their work.

6. As an attorney; I have made a diligent search of my client records and was unable to locate any construction client who had been awarded a construction contract in any of the Districts and entities listed above in Paragraph No. 3. I have specifically avoided bidding to or providing LCP services to any District in which clients or prior clients have been awarded or performed public works. I have former clients who were awarded a public contract: 9 years ago with the San Luis Obispo School District, another with the Fremont Unified School District 10 years ago, and a third contractor with the Los Angeles Unified School District about 10 years ago. Finally, I represent a contractor who performed work and still performs work with the Elk Grove School District. However, CCMI has never bid or performed Labor Compliance Work for any of these Districts.

I have read the foregoing declaration consisting of this page and two others and state under penalty of perjury that the information contained herein is true and correct to the best of my knowledge, information and belief. Executed on August 2, 2011 in San Mateo, California.

*What suggestions do you have for the Department of Industrial Relations to better assist you with your program in the coming year?* (attach additional sheets if necessary):

The DIR’s approval of Third Party LCPs created a standard of compliance. CCMU urges the DIR to continue to approve companies with LCP expertise. Should the new regulations and the CMU program be implemented, the DIR should not punish Agency LCPs who also use outside consultants by also imposing CMU fees. So long as the agency meets the LCP requirements, how they do that (whether 100% in-house or through the use of a consultant) should be left to the agencies’ discretion.
