IMPORTANT NOTICE TO AWARDING BODIES AND OTHER INTERESTED PARTIES REGARDING A CORRECTION IN THE FEBRUARY 22, 2010 “NOTICE REGARDING ADVISORY SCOPE OF WORK FOR THE SOUTHERN CALIFORNIA CARPENTERS’ GENERAL PREVAILING WAGE DETERMINATION”

On February 22, 2010, the Division of Labor Statistics and Research issued the “Notice Regarding Advisory Scope of Work for the Southern California Carpenters’ General Prevailing Wage Determination.”

In reviewing the notice on our website, the carpenters notice contains a typographical error in the last sentence of paragraph 1, “the minimum rate of pay for work in question is performed by Electricians: Inside Wiremen...”

The correct wording should be as follows, “the minimum rate of pay for the work in question is – Electricians: Inside Wiremen...”

Attached is the corrected notice.

NOTICE REGARDING ADVISORY SCOPE OF WORK FOR
THE SOUTHERN CALIFORNIA CARPENTERS’
GENERAL PREVAILING WAGE DETERMINATION

The California Labor Code requires the Director of the Department of Industrial Relations to determine the prevailing rate of per diem wages for all workers employed upon public works projects. The Division of Labor Statistics and Research (“DLSR”) undertook an investigation in 2009 to determine the prevailing wage rates for the installation of solar and photovoltaic systems in Los Angeles, San Diego and Imperial Counties. The results of the questionnaire have been compiled and based on them the minimum rate of pay for the work in question is -- Electricians: Inside Wiremen for the Los Angeles, San Diego, and Imperial Counties General Prevailing Wage Determinations.

The type of work listed below, as identified in the Carpenters 1998-2011 Master Labor Agreement, between Southern California Conference of Carpenters and Associated General Contractors of California, Inc., Building Industry Association of Southern California, Inc., Southern California Contractors Association and Millwright Employers Association, were not published or recognized for the Los Angeles and Imperial Counties by the Department of Industrial Relations starting with the August 22, 2009 issuance of the Southern California Carpenters’ general determination, SC-23-31-2-2009-1 and continuing with any subsequent Southern California Carpenters’ general determinations until superseded by the Director. The rates associated with this unrecognized type of work (solar energy installations and appurtenances thereto) SHALL NOT be applied or used on public works projects for the associated type of work.
