SCOPE OF WORK

SECTION 5. This Agreement shall cover all the following designated work within the jurisdiction of the Union. The work covered by this Agreement shall include, but not limited to:

- (1) Handling and conveying all materials whether by hand, wheelbarrow, hand truck, or operation of any type of mechanical equipment such as mixers, pumps, forklifts, tusky-type automatic or semiautomatic hoists, etc. necessary to handle all materials used on the project, upon arrival at the job site or near the job site. All mechanical equipment replacing in whole or in part the work of the mason tenders shall be cleaned and operated by the mason tenders.
- (2) Mixing, preparing and tempering mortar and grout and mixing and preparing any other material that may be used as a substitute for mortar or grout, by hand or by hand or machine, except ready mix grout or mortar delivered to job site.
- (3) The building and handling of any and all trestles and scaffolding and planking and dismantling of all trestles and scaffolding inside and outside the structure regardless of the height of the scaffolding.
- (4) The cleaning of the site where masonry work is performed by the mason(s) of all debris caused by work of the same inside and outside the structure, and the depositing of the same in the place designated by the mason foreman.
- (5) The application of all temporary protective coverings which the employer is required to provide.
- (6) Such jurisdiction as may be awarded to the mason tenders by the Laborers' International Union of North America.
- (7) The tearing out of all furnace kilns & stills to be rebuilt by the bricklayer.
- (8) The setting of castings on streets, highways and sidewalks.
