Section 3.06

Use of Employee's Vehicle

(a) The Employer shall furnish transportation from shop to job, job to job, and job to shop within the jurisdiction of the Local Union. The employee shall leave the shop at the beginning of the shift and return at the end of the shift.

(b) Whenever a worker is ordered by his Employer to report to another job or to the shop during the workday, then the Employer shall pay the worker vehicle mileage (point-to-point) at the IRS published rate when the worker uses his own vehicle.

(c) No worker shall use his automobile in any manner detrimental to the best interest of other workers, nor shall any worker use his automobile to transport the Employer's tools or material.

(d) On all work outside the jurisdiction of Local Union 180, the Employer shall furnish transportation, lodging and all other necessary expenses.

(e) On all jobs requiring the employee to remain away from home overnight, outside the jurisdiction of Local Union 180, the Employer shall furnish a subsistence allowance for meals and other necessary expenses, in the amount of fifty dollars (\$50.00) per day per employee on a seven (7) day per week basis, this being considered a minimum amount, except that where adequate subsistence and lodging is furnished on the job, the subsistence allowance shall not be paid. The Employer may elect to pay full expenses over weekends or pay travel time at prevailing travel time rate and furnish transportation to and from the employee's home base. Subsistence is defined as reimbursement for food, lodging and living expense out of town and is not a wage or reimbursement for time spent going to or from job site.
