SCOPE OF WORK

Article 1. Coverage

This Agreement shall apply to Civil Engineering and Land Surveying work, including Global Positioning Systems, quality control and quality assurance, (as it pertains to Civil Engineering and Land Surveying Field work) performed by the Employers in the following Southern California Counties: Imperial, Inyo, Kern, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura.

In the event that new methods of operation, systems, procedures, equipment, technology, or other changes are developed, introduced or utilized by an Employer or Subcontractor which replace, modify, or add to the work covered by this Agreement, this Agreement shall apply to such new methods and only employees covered by this Agreement shall perform such work.

SIDE LETTER OF AGREEMENT

3D SCANNER, DRONE AND GROUND PENETRATING RADAR

It is hereby agreed that the 3D Scanner (excluding vehicular mobile scanners), Drone and Ground Penetrating Radar, as it pertains to civil engineering and land surveying will be inserted into the Southern California Association of Civil Engineers and Land Surveyors Master Labor Agreement effective October 1, 2021.

Laborers Subsurface Imaging Laborer

(Letter received on February 16, 2017 from Southern California District Council of Laborers.) This letter will clarify that the Subsurface Imaging Laborer classification under the Southern California Master Laborer Agreement and the Horizontal Directional Drilling (HDD) Agreement does not perform any civil engineering or land surveying work and that the work does not include any above ground imaging or mapping. i.e. survey work.
