

SCOPE OF WORK PROVISIONS

CRAFT/CLASSIFICATION

Plasterer

ID

203-X-3

LOCALITY

Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Fresno, Glenn, Humboldt, Kings, Lake, Lassen, Madera, Marin, Mariposa, Mendocino, Merced, Modoc, Monterey, Napa, Nevada, Placer, Plumas, Sacramento, San Benito, San Joaquin, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tehama, Trinity, Tulare, Tuolumne, Yolo, and Yuba Counties

SCOPE OF WORK

ARTICLE 12 – WORK JURISDICTION

Section 1. Plasterers covered by this Agreement shall have jurisdiction over the following work, without limitation: All interior or exterior plastering of cement, stucco, stone imitation, or any patent material when cast, the setting of same, and corner beads when stuck, mechanically fastened, or attached by any means. This includes the plastering and finishing of hot composition material in vats, compartments or wherever applies; also the taping and pointing of all joints, skim coating (level 5) and all other methods, nail holes and bruises on wallboard and/or drywall, regardless of the type of materials or tools used; also the setting in place of plasterboards, ground blocks, patent dots, cork plates, brownstones, and acoustical tile including temporary nailing, cutting and fitting in connection with the sticking of same. Also, all seamless sound absorbing, durable plaster finish systems for walls and ceilings. These systems consist of sound-absorbing board and are coated with sound permeable plasters. All phases of these systems are the work of the Plasterers covered by this agreement. All specialty finishes such as Veneer, Venetian, Marmorino, Grassello, and Earth Plasters. All custom and specialty finishes including imitation finishes, including but not limited to custom rock, brick and block veneer, imitation marble, stone, wood, and any other imitation theme whether hand or spray applied.

Section 2. All acoustic blocks, regardless of thickness, when stuck mechanically fastened or attached by any other means shall be the work of the Plasterers covered by this agreement. Also, the sticking, nailing, and screwing of all composition caps and ornaments shall be the work of the Plasterers. The preparing, scratching, and browning of ceilings and walls when finished with terrazzo or tile, allowing sufficient thickness to allow the applying of terrazzo or tile and the application of any plastic material to the same shall be the work of Plasterers covered by this Agreement. The work of the Plasterers also includes: All phases of interior and exterior insulating foam systems from [REDACTED], the cutting and installation (regardless of method used) of foam board, out to a finished product. The preparation, installation, caulking, sealing and repair of all

interior and exterior insulation systems, including, but not limited to, foam systems, bead boards, outsulation, ultralation, lead abatement, encapsulation and all fire-stopping and all sprayed and or hand applied Fire-Resistive Materials (SFRMs), both dry and wet types, sprayed and or hand applied Intumescent Fire-Resistive Materials (IFRM's), Refraction Work and Fire Board Systems including, but not limited to, all steel beams, columns, metal decks and vessels.

Section 3. All casting shall be done by Plasterers covered by this Agreement. The applying of any plastic material to soffits, ceilings and perpendicular work, and the finishing, rubbing, polishing and cleaning, whether done by hand, machine, or any other method, except a base six inches or less, is the work of Plasterers covered by this Agreement.

Section 4. All cement plastering on walls over and above a six-inch base shall be supervised and executed by Plasterers covered by this Agreement.

Section 5. Plasterers claim all waterproofing of work included in their jurisdiction, such as Thoroseal, Ironite, Plasterweld and [REDACTED] any similar products, regardless of the tools used or method of application, color of materials used and regardless of the type of base these materials may be applied to.

Section 6. All moldings run in place and all staff work, the making of templates and horsing of molds in and on buildings must be made and produced by Plasterers covered by this Agreement. All plaster castings stuck shall be the work of the plasterer. All mortar boards must be raised at least eighteen inches above the scaffold.

Section 7. The masking and covering of windows, floors [REDACTED] with shields or any other method of covering, [REDACTED], the removing of said covering to a clean and finished job shall be done by Plasterers covered by this Agreement.

Section 8. The Plasterers will perform all mixing and transportation of all materials from the mixing area to the work area, the setting and moving of scaffold, covering and taping of all areas to which plaster will abut, clean-up work and, in general, the tending of all the Plasterers' needs to insure a true and finished product.

Section 9. Plasterers covered by this Agreement have jurisdiction over all casting, installing, finishing, rubbing and cleaning, whether by hand or machine, of all imitation stone.

Section 10. Plasterers shall perform casting as follows:

- a) Domes that do not exceed two (2) feet in diameter may be cast.
- b) Niches may be cast and stuck in place providing they do not exceed two (2) feet in width and four (4) feet in length.
- c) Moldings clustered with enrichment may be cast.
- d) Cornices may be cast where and when it is not practical to run in place with a mold. This has reference principally to light troughs, etc., that require electrical

wiring or reflectors inside, and this does not include block or similar moldings that exceed six (6) feet in total length from mitre to mitre.

- e) Beams, columns, and pilasters shall not be cast unless they are totally enriched and have no members paralleling one another.
- f) On an alteration where the work which would ordinarily be run cannot be done without causing undue interference with the occupancy of the premises and undue delay in performance, it shall be permissible to cast such work with the consent of the Union.
- g) All small spandrels or panels under two feet, small caps and other similar work may be cast.
- h) All caps not exceeding two feet in diameter may be cast.
- i) Diminished fluted pilaster and columns or pilaster and columns with entasis may be cast.
- j) Small pattern ceilings of geometrical design: coffered ceilings when panels do not exceed twenty-four inches at the ceilings or minor line and fifty-four inches at the bottom or major line may be cast.

Section 11. This Agreement shall encompass to have jurisdiction over all Plastering Systems work of any and all new or emerging technologies involving [REDACTED] and plaster / EIFS materials / work scope of the Plasterers in the agreement. These technologies include, but not limited to:

- (a) 3D-Printed Walls and Materials
- (b) Robotic Applications
- (c) Nanotechnology Materials

Section 12. Plasterers shall also have jurisdiction over all work or processes which represent technological change, replacement, modification or substitution for the work described above.

[REDACTED]

Section 14. Panel Work and Modular Systems.

(a) All work related to the making of panels for Exterior Insulation Foam Systems (EIFS), including but not limited to, the cutting and sticking of foam board, the application of primus adhesive, the embedding of mesh, and the application, by hand or machine, of base coats and finish coats, may, at the option of the Employer, be performed on the jobsite or in a shop by employees who are covered by this Agreement.

(b) All work covered by this agreement when related to Modular or Prefabricated systems is to be performed by employees who are covered by this agreement.
