Public Works Contractor Registration

Public Works Registration Affidavit

NOTICE: Contractors acquiring a public works contractor registration number should pay any fees and/or penalties, if applicable, by credit card. With a credit card payment, contractors can expect a registration number within 24 hours.

Any other form of payment, such as ACH (Automated Clearing House) can take up to 16 days for verification of payment and check payments can take up to eight weeks for verification of payment. Both of these options should not be used if you need to have a registration number immediately and may impact further fees and/or penalties.

Have you bid on a public works project after March 1, 2016, or were you awarded a public works project after April 1, 2016, without first being registered with the Department of Industrial Relations?
