Day One, February 11th

To watch the live webcast go to:
<https://videobookcase.org/osha/2021-02-11>

- Welcome
- Introductions
- Purpose and process for meeting

Morning

1. Proposed changes to §3205 (b) Definitions.
 - (b)(2) “COVID-19 case”
 - (b)(3) “COVID-19 exposure”
 - (b)(7) “Exposed group” (replaces term “Exposed workplace”)
 - (b)(8) “Face covering”
 - (b)(9) “High-risk exposure period”
 - (b)(10) “Worksite” (new term)
2. Proposed changes to the scopes of the §3205, 3205.1 and 3205.2.

Afternoon

3. Proposed changes to §3205(c) Written COVID-19 Prevention Program.
 - (c)(3) Investigating and responding to COVID-19 cases in the workplace.
 - (c)(10) Exclusion of COVID-19 cases and employees with COVID-19 exposure.
 - (c)(11) Return to work criteria.
4. Time allowing: Open discussion, or topic discussion as proposed for Day Two.

To watch the live webcast go to:

<https://videobookcase.org/osha/2021-02-12>

Morning

1. Proposed changes to §3205.1(b) and §3205.2 (b): COVID-19 testing.
2. Topic discussion: COVID-19 Vaccinations.
How should vaccinations be incorporated into the scope or other parts of the COVID-19 prevention regulations? Options for consideration include:
 - Exempt work locations from 3205, 3205.1, 3205.2 where 100% of onsite workers are fully vaccinated.
 - Exempt (employee housing) from 3205.3 where 100% of occupants are fully vaccinated.
 - Exception (employee transportation) from 3205.4 where 100% of vehicle occupants are fully vaccinated.
 - Exempt employers from some communication and training requirements for employees who are fully vaccinated
3. Topic discussion: Surveillance Testing.
Options for consideration include:
 - Exempt work locations from 3205, 3205.1, and 3205.2 where an employer achieves the same or more protective result through a surveillance testing and removal program.
 - Exempt employee housing from 3205.3 where the employer achieves the same or more protective result through a surveillance testing and removal program.
 - Exempt employee transportation from 3205.4 where the employer achieves the same or more protective result through a surveillance testing and removal program.

Afternoon

4. Topic discussion: Respiratory Protection.
Options for consideration include:
 - Expansion of respiratory protection requirements in certain high-risk settings.
 - Exempt or relax physical distancing, barrier, ventilation, and face mask requirements in work locations where respiratory protection is required.
 - Exempt or narrow employee exclusion requirements where respiratory protection is required.
5. Time allowing: Open discussion.
6. Next Steps/Adjourn.
