

### California QSI Approved AIMS ConnectED Courses

Advanced Electrical
Amusement Ride and Device Field Inspection
ASTM F24 Current Standards
ASTM F770 Inspection and Maintenance
ASTM F770 Operations
Basic Maintenance: Brakes and Troubleshooting
Basic Maintenance: Fasteners and Wire Rope
Basic Maintenance: Motors and Gearboxes
Basic Maintenance: Pneumatics and Hydraulics
Bearing Types and Uses
Block System Troubleshooting
Blocking
Bloodborne Pathogens OSHA 1910 1030
Common Ride Inspection Points
Confined Spaces Safety
Control Systems for Inspectors
Conveyor Belts
Developing a Maintenance Training Program
Electrical Controls - PC Ladder Logic, Relay
Electrical Controls - Sensors, Eyes and Switches
Electrical Grounding
Electrical Schematic Reading
Exit Routes, Emergency Action Plans and, Fire Prevention Plans
Fluid Power Basics
Fluid Power Troubleshooting
Hazard Communication Standard OSHA 1910.1200 Subpart Z
Intro and Updates To ASTM Standard
Life Safety Code NFPA 101
Measurement
Motor Maintenance
NFPA 101 Life Safety Code for Travel Shows
O.U.R.A: Operations & Use Risk Assessment
Operations: Inspections and Audits
OSHA 101
PPE
Ride Inspections 101
Skycoasters Part 1 & Part 2
Steel Coaster and Train Inspection
Troubleshooting Mobile Amusement Rides
Understanding ASTM International
vanGUARD
Wooden Coaster Inspection
Writing Standard Operating Procedure Manuals
