- The call will include a Q&A session with directions on how to ask a question.
- If you would like to submit questions in advance of the call, please contact us via email: **heat@dir.ca.gov**

The Heat Illness Prevention Network (The HIP Network)

The HIP Network is a voluntary public/private partnership established to increase both employers' and employees' awareness of the hazard of heat illness and the importance of heat illness prevention measures to prevent fatalities and serious illnesses in California workplaces. HIP Network members work together to help prevent heat illness in workplaces throughout California in partnership with the Division of Occupational Safety and Health (Cal/OSHA) by providing timely information to employers and employees.

Please refer to the updated [Cal/OSHA guidance on the new requirements](#) and the [Heat Illness Prevention Enforcement Q&A](#) on our [heat illness prevention page](#), where you can find updated educational materials.
