

Subject: First Aid Advisory Committee

To Whom It May Concern:

The Division of Occupational Safety and Health (Cal/OSHA) is convening an advisory meeting to consider issues involving Title 8 first aid standards (8CCR 1512 and 8CCR 3400). At its August 17, 2006 meeting, the Occupational Safety and Health Standards Board directed the Division to establish an advisory committee to consider the following three petitions it had recently received from members of the public:

1. J. Alan Schumann, Petition No. 481

The Petitioner requests the Board to amend Title 8, California Code of Regulations, Section 3400 of the General Industry Safety Orders (GISO), concerning medical services and first aid instructional materials.

2. Petition No. 482

The Petitioner requests the Board to consider the adoption of standards that would ensure employees have access to 911 emergency phone lines at places of employment.

3. Dave K. Smith, Dave Smith & Company, Inc., Petition No. 483

The Petitioner requests the Board to amend Title 8, California Code of Regulations, Section 3400 of the General Industry Safety Orders (GISO) and Section 1512(c) of the Construction Safety Orders, concerning first aid materials and the consulting physician.

The First Aid Advisory Committee will meet on Friday, November 3, 2006 from 10 AM to 3 PM at the Elihu Harris State Building at 1515 Clay Street, Oakland, CA in Room 1304.

You are receiving this letter because of an expressed interest in the topic or the Division's belief that you may have an interest or an expertise that will assist in the advisory process. Please do not hesitate to share this invitation with other interested parties. If you have any questions, please contact the undersigned.

Sincerely,

Michael Horowitz
