RE: Emergency Regulation re Wildfire Smoke Protections – Appendix A comments

Dear Eric Berg and Amalia Neidhardt,

The California Building Industry Association (CBIA) is a statewide trade association representing over 3,100 member-companies involved in residential and light commercial construction. CBIA member-companies are responsible for constructing over 85% of the new homes built in California each year.

This letter is to inform OSHA that CBIA shares the concerns outlined in the letter submitted last Friday by CalChamber and that we support their comments (see attached).

Thank you for your consideration,

Andrew Kosydar, PhD
