

How to file a complaint with the Audit Unit

The Audit Unit does not resolve disputes about benefits, but it tracks complaints against workers' compensation claims administrators (insurance companies, self-insured employers and third party administrators) and takes action to make sure the law is followed. . Any dispute over benefits must be brought before the Workers' Compensation Appeals Board (WCAB). While not all complaints result in investigations or audits, it is important for the Audit Unit to hear your complaint.

The audit referral form ([DWC-AU-906](#)) may be used to file a complaint against the claims administrator. When not using the audit referral form, please include the following information in a complaint:

1. Claims administrator company name, address and telephone number
2. Injured worker name, address and telephone number
3. Claim number and date of injury
4. Employer name
5. Workers' Compensation Appeals Board case number, if applicable
6. Attach copies of any supporting documentation.

**DWC Audit Unit
