- Employment
- Other [Redacted]

Declarant relies on the report(s) of:

Doctors (s) [Redacted] date [Redacted] MMDDYYYY

*For a Rating MSC, all ratable medical reports, including treating physician, QME and AME reports, must be filed with this Declaration of Readiness, unless they have been previously filed. A Rating MSC will be set only where the issues are limited to permanent disability and the need for future medical treatment.

Web Access Initial Proposal

Number	High Level Requirement (HLR) Description
1	Additional display criteria: <ul style="list-style-type: none">• Hearing location (venue)• All case participants• Current judge• Case events (need to identify events)• All case status (not all information is available for archived cases)• Body part code• Official address record (will NOT include injured worker address)• Legacy case number• Insurance company name
2	Additional search criteria: <ul style="list-style-type: none">• Legacy case number (if any)• Insurance company/claims administrator name
3	Use state template for the screen appearance
4	Search result is still limited to 50 records

- ✓ Database needs to be changed to incorporate new requirements
 - ✓ Tables must be added
 - ✓ Relationships between tables must be defined
 - ✓ Data extract processes need to be created

Status: What's the Same as Initial Proposal?

- In addition to information currently displayed on public search page, display criteria will include:
 - Hearing location (venue)
 - Official address record (will NOT include injured worker address)
 - Current judge
 - Limited case events
 - All case status (not all information is available for archived cases)
 - Body part code
- Search will be on all cases—not just “active” cases
- No details for archived cases
- Search result will be limited to 50

Status: What's Different from Initial Proposal?

- Web access page will be separate from current general public search
- Minimum search criteria will be EAMS case reference number or injured worker first & last name
- Date of birth, city, and ZIP code can be used with injured worker first and last name to refine search
- Name searches will **NOT** require exact match
- Search by claims administrator, law firm name will not be provided
- Search by legacy case number will not be provided
- 10 minute time out will be created
- New public facing capture function will be built to:
 - Identify the individual searching, capture his/her email address and organization UAN (when applicable)
 - Capture the reason for making request
- Requestors seeking information for pre-employment screening will be redirected to Public Records Act request page

Summary of Search and Return Criteria

- May search on:
 - Injured worker first and last name
 - Partial name accepted
 - EAMS case number
- May use the following criteria to refine name search:
 - Injured worker date of birth
 - Injured worker city
 - Injured worker ZIP code

Summary of Search and Return Criteria

- Information returned (displayed):
 - Injured worker first and last name
 - EAMS case number
 - Date of injury
 - Employer name
 - Case status
 - Next hearing date
 - Hearing location (venue)
 - Official address record (will NOT include injured worker address)
 - Current judge
 - Limited case events
 - Body part code(s)
 - DEU case existence if applicable
