* Valid codes under separate attachment						
NOTE: The SSN will no longer be provided in the 011 transaction set. Instead the EAMS Reference Number will be provided in its place.						
NOTE: The EAMS Case Reference Number replaces the Legacy Case Number as the primary identifier. A place for the Legacy DWC Case Number has been carved from the previous Comment record. The Legacy DWC Case Number will be provided, when available. Otherwise, it will be spaces. EAMS does not currently provide the capability of comment record.						
NOTE: The EVENT DATE and EVENT PROCESS DATE will always be the same.
