I. GENERAL INFORMATION

A. Background: This document furnishes the CY 2015 ambulance inflation factor (AIF) for determining the payment limit for ambulance services required by section 1834(l)(3)(B) of the Social Security Act (the Act), and updates Pub. 100-04, Medicare Claims Processing Manual, Chapter 15, section 20.4.

Section 1834(l)(3)(B) of the Act provides the basis for an update to the payment limits for ambulance services that is equal to the percentage increase in the consumer price index for all urban consumers (CPI-U) for the 12-month period ending with June of the previous year. Section 3401 of the Affordable Care Act amended Section 1834(l)(3) of the Act to apply a productivity adjustment to this update equal to the 10-year moving average of changes in economy-wide private nonfarm business multi-factor productivity beginning January 1, 2011. The resulting update percentage is referred to as the AIF.

B. Policy: This transmittal manualizes the AIF so that Medicare contractors can accurately determine payment amounts for ambulance services.

On March 23, 2010, the Patient Protection and Affordable Care Act (Pub. L. 111-148) was enacted. Following the enactment of Pub. L. 111-148, the Health Care and Education Reconciliation Act of 2010, Pub. L. 111-152 (enacted on March 30, 2010), amended certain provisions of Pub. L. 111-148. These public laws are collectively known as the Affordable Care Act. Section 3401 of the Affordable Care Act requires that specific Prospective Payment System (PPS) and Fee Schedule (FS) update factors be adjusted by changes in economy-wide productivity. The statute defines the productivity adjustment to be equal to the 10-year moving average of changes in annual economy-wide private nonfarm business multi-factor productivity (MFP) (as projected by the Secretary for the 10-year period ending with the applicable fiscal year, cost reporting period, or other annual period). The MFP for calendar year (CY) 2015 is 0.60 percent and the CPI-U for 2015 is 2.10 percent. According to the Affordable Care Act, the CPI-U is reduced by the MFP, even if this reduction results in a negative AIF update. Therefore, the AIF for CY 2015 is 1.50 percent.

Part B coinsurance and deductible requirements apply to payments under the ambulance fee schedule. The 2015 ambulance fee schedule file is available in November 2014. It may be retrieved at any time and will reside indefinitely for your access. It may be updated with each quarterly Common Working File (CWF) update.
