Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of code 96101-59.
- Claims administrator denied code indicating on the Explanation of Review “Service/item included in the value of other services per CCI edits. Related service could be on separate bill.”
- 96101 - Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, eg, MMPI, Rorschach, WAIS), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report
- Provider billed code 96101-59 along with 99205. Per CCI edits, generally codes 99205 and 96101 are not billed together. However, Modifier Indicator column shows ‘1’ which states if an appropriate modifier is attached to the correct CPT code and documentation supports the use of the code then the CCI edit may be overridden. Modifiers that may be used under appropriate clinical circumstances to bypass an NCCI edit include:
 - Anatomic modifiers: E1-E4, FA, F1-F9, TA, T1-T9, LT, RT, LC, LD, RC, LM, RI
 - Global surgery modifiers: 24, 25, 57, 58, 78, 79
 - Other modifiers: 27, 59, 91
- Provider used modifier -59 and documentation received does support the billed code.
- Based on information reviewed, reimbursement of code 96101 is warranted.

The table below describes the pertinent claim line information.
