Dear [REDACTED]

MAXIMUS Federal Services has completed the Independent Bill Review (“IBR”) of the above workers’ compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. The Claims Administrator’s determination is reversed and the Claim Administrator owes the Provider additional reimbursement of \$195.00 for the review cost and \$71.24 in additional reimbursement for a total of \$266.24. A detailed explanation of the decision is provided later in this letter.

The Claim Administrator is required to reimburse the Provider a total of \$266.24 within 45 days of the date on this letter per section 4603.2 (2a) of the California Labor Code. The determination of MAXIMUS Federal Services and its expert reviewer is deemed to be the Final Determination of the Administrative Director of the Division of Workers’ Compensation. This determination is binding on all parties. In certain limited circumstances, you can appeal the Final Determination. Appeals must be filed with the Workers’ Compensation Appeals Board within 20 days from the date of this letter. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of 99213 on four separate dates of service for the same injured worker.
- Claims Administrator denied code indicating on the Explanation of Review “Service not paid under Medicare OPPS”
- 99213 has a status indicator ‘B’ - Not paid under OPPS.
- Codes that are not recognized by OPPS when submitted on an outpatient hospital Part B bill type (12x, and 13x). May be paid by MAC when submitted on a different bill type, for example, 75x (CORF), but not paid under OPPS; **an alternate code that is recognized by OPPS when submitted on an outpatient hospital Part B bill type (12x and 13x) may be available.**
- Provider submitted chart notes documenting each date of service visit.
- Claims Administrator should have cross walked 99213 to G0463 - Hospital outpatient clinic visit for assessment and management of a patient.
- Based on the aforementioned, reimbursement of G0463 is warranted.

The table below describes the pertinent claim line information.
