MAXIMUS Federal Services has completed the Independent Bill Review (“IBR”) of the above workers’ compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

**Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. - The Independent Bill Review Application
- The original billing itemization
- Supporting documents submitted with the original billing
- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review
- The final explanation of the second review
- PPO Contract

## **HOW THE IBR FINAL DETERMINATION WAS MADE**

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

## ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking contractual reimbursement for Revenue Codes: REV Codes 250 x7, 0271, 0370, 0710, CPT/HCPCS Codes J7120, 87070, 87075, 87077, 87176, 87186, 87205, 64702, 26356, 26356, J1100, J1170, J2704, and J3010 for date of service 01/26/2015.**
- EOR indicates the Claims Administrator's reimbursement rationale for overall charges was based on "contract rate."
- Opportunity to Dispute Eligibility communicated to Claims Administrator on 10/13/2015; response not yet received.
- **Contractual Agreement** states the following regarding "occupationally ill/injured employees": In the case of Outpatient Services rendered to occupationally ill/injured employees, the reimbursement shall be the contract rate (**10% discount form billed charges**). It is noted that the In-patient contractual agreement is "payable under guidelines established under any state law..." However, the contract clearly indicates "10 %" of billed charges are reimbursable for Outpatient Services.
- **Pursuant to LC § 5307.11:** A health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier may contract for reimbursement rates different from those in the fee schedule adopted and revised pursuant to Section 5307.1. When a health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier contract for reimbursement rates different from those in the fee schedule, **the medical fee schedule for that health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code shall not apply to the contracted reimbursement rates.**
- Based on the aforementioned documentation and guidelines, additional reimbursement is indicated.

The table below describes the pertinent claim line information.
