HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider seeking remuneration for Prolonged Services with Face-to-Face Contact, 99354 performed on 07/02/2015.
- Claims Administrator denied service with the following rationale:
 - 99354: “The medical record does not contain sufficient documentation to substantiate prolonged face-to-face time”
- Provider billed code 99354 along with Evaluation and Management code 99214 on a CMS 1500 form for date of service 7/2/2015.
- **MLN Matters Document MM597** - Prolonged Services with Direct Face-to-Face Patient Contact Service Documentation is required in the medical record about the duration and content of the medically necessary evaluation and management service and prolonged services billed. The medical record must be appropriately and sufficiently documented by the physician or qualified NPP to show that the physician or qualified NPP personally furnished the direct face-to-face time with the patient specified in the CPT code definitions. **The start and end times of the visit shall be documented in the medical record** along with the date of service.
- Report indicates total time spent on tasks. Actual start and end relating to 99354 is not indicated.
- Without a start and end time, the actual time spent on specific code 99354 cannot be determined. As such, reimbursement is upheld.
