HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking additional remuneration for 96101 Psychological Testing services performed 08/13/2015.**
- The Claims Administrator reimbursed the Provider for 5 of 7 billed units based on MUE's.
- MUE's do not dictate reimbursement for Med-Legal services; Authorization, CPT/HCPCS Code Descriptions and Documentation (report of findings by Provider), supports reimbursement for Med-Legal Services.
- Communication from Legal Parties authorizing Med-Legal services reviewed.
- **Code Description CPT 96101 Psychological**; testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, eg, mmpi, rorschach, wais), **per hour** of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report.
- SBR request dated 09/19/2015 indicates "15 page" report generated by Provider.
- The '15 page' report indicated on the SBR request was not received for IBR.
- Documentation supporting seven (7) hours of Psychological Testing not received for IBR.
- Unable to verify if seven hours of Psychological Testing was performed as the Psychological Reports were not submitted for IBR.
- **Based on the documentation submitted, additional reimbursement for 96101 services is not supported.**
