HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with reimbursement of billed code 99214 down-coded by Claims Administrator.
- Claims Administrator down-coded 99214 to a 99213
- CPT 99214 - Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components:
 - A detailed history;
 - A detailed examination;
 - Medical decision making of moderate complexity
- Provider's PR-2 submitted does not contain two of the three components to qualify for a 99214 and therefore, additional reimbursement is not warranted.

The table below describes the pertinent claim line information.

DETERMINATION OF ISSUE IN DISPUTE: Reimbursement of code 99214 is not recommended.
