HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking remuneration for 20680-58 K-Wire Removal during office visit on 12/22/2014.**
- Claims Administrator denied reimbursement stating, “Documentation does not support the level of service billed.”
- Modifier -59 – not contested
- PR-2 indicates “K-wire” removal status post-operative procedure (date of operative procedure not indicated).
- Medicare Billing Manual indicates 20680 reimbursable if no other procedure performed. PR-2, CMS 1500 and EOR’s do not indicate a separate procedure.
- Based on the aforementioned documentation and guidelines, reimbursement is warranted for 20680 – 58 @ 92% OMFS as per PPO Contract entitled “Exhibit B Reimbursement.”
