DOCUMENTS REVIEWED

Pertinent documents reviewed to reach the determination:

- The Independent Bill Review Application
- The original billing itemization
- Supporting documents submitted with the original billing
- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review
- The final explanation of the second review
- Partial PPO Contractual Agreement: 90%

HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking full remuneration for Functional Restoration Program services, billed as Unlisted Procedure Code 97799-86 x 18 units, for date of service 04/13/2015 – 04/17/2015.**
- The Claims Administrator reimbursement rational based on MPPR and Contractual Agreement and comparable procedure code.
- OMFS allows for Unlisted Procedure Codes to be reimbursed by “By Report.”
- §9789.12.4 (c) “In determining the value of a By Report procedure, consideration may be given to the value assigned to a **comparable** procedure or analogous code. The comparable procedure or analogous code should reflect similar amount of resources, such as practice expense, time, complexity, expertise, etc. as required for the procedure performed.”
- There is no allowance or comparable code listed under the OMFS for service billed with procedure code 97799 or, more specifically, a Functional Restoration Program; a CPT Code has yet to be formulated for this comprehensive program. As such, a contractual agreement or the OMFS will dictate the level of reimbursement; MPPR does not apply.
- The “**contract indicated**” submitted for IBR is a Partial PPO Contractual Agreement reflecting “90% of billed charges or OMFS.
- Opportunity to Dispute correspondence sent to Claims Administrator on 06/30/2015; response not yet received.

- Based on the aforementioned documentation and guidelines, additional reimbursement is warranted for 97799-86.

The table below describes the pertinent claim line information.
