Dear [REDACTED]

MAXIMUS Federal Services has completed the Independent Bill Review (“IBR”) of the above workers’ compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking full remuneration for Functional Restoration Program services, billed as Unlisted Procedure Code 97799-86 for date of service 05/18/2015 – 05/22/2015.**
- The Claims Administrator based reimbursement on “Network” and “Scheduled” allowance.
- Request for Authorization dated 4/14/2015 states “Service/Good Requested: Northern California Functional Restoration Program, 97799 x 160 hours of NCFRP at \$225/hour”
- Modifier -86: OMFS Modifier is used when prior authorization was received for services that exceed OMFS ground rules.
- Utilization Review letter dated 5/5/2015 documents “Service(s) Requested: Specialist functional restoration program, Mondays to Fridays 30 visits, 05/18/2015 to 06/26/2015, 160 hours; This letter serves as notification that we have certified the requested treatment” CPT and Provider’s cost not documented on Authorization.
- EOR’s indicate services “authorized,” meeting the criteria for modifier -86.
- OMFS allows for Unlisted Procedure Codes to be reimbursed by “By Report.”
- §9789.12.4 (c) “In determining the value of a By Report procedure, consideration may be given to the value assigned to a **comparable** procedure or analogous code. The comparable procedure or analogous code should reflect similar amount of resources, such as practice expense, time, complexity, expertise, etc. as required for the procedure performed.” The

Physical Therapy reimbursement rational assigned by the Claims Administrator is not a comparable comparison for this type of Program.

- There is no allowance or comparable code listed under the OMFS for service billed with procedure code 97799 or, more specifically, a Functional Restoration Program; a CPT Code has yet to be formulated for this comprehensive multispecialty program. As such, a contractual agreement or the OMFS will dictate the level of reimbursement.
- Submitted IBR **Contractual Agreement** for Workmans’ Compensation “**95%**” of billed charges for procedure codes “**with no assigned value.**”
- **CCR § 5307.11:** A health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier may contract for reimbursement rates different from those in the fee schedule adopted and revised pursuant to Section 5307.1. When a health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier contract for reimbursement rates different from those in the fee schedule, the medical fee schedule for that health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code **shall not apply to the contracted reimbursement rates.**
- **Based on the aforementioned documentation and guidelines, additional reimbursement is warranted for 97799-86 at contractual rate.**
