4. Conversion Factor Calculation

a. Update to the standardized amount. L.C. 5307.1(g)(1)(A)(i) provides that the annual inflation adjustment for outpatient hospital facility fees shall be determined solely by the estimated increase in the hospital market basket. Thus, in lieu of using the Medicare 2006 rates to determine the updated OMFS amounts, the estimated increase in the hospital market basket was applied to the 2005 OMFS rate.

b. OMFS conversion factor for hospital outpatient services
   1. The 2005 unadjusted conversion factor was $55.703. The estimated increase in the market basket is 3.7%. The revised unadjusted conversion factor under the OMFS is $57.764 ($55.703 x 1.037).

5. Wage Index and Adjusted Conversion Factors:
   The Division made the following revisions:

   a. Section 9789.34 Table A sets forth the wage index values and adjusted conversion factors that are applicable to ASCs. These conversion factors would also be applicable to any hospitals that are not in Table B (section 9789.35).

   b. Section 9789.35 Table B sets forth hospital-specific wage index values and adjusted conversion factors. Table B reflects the additional 7.1% payment adjustment for services rendered by rural sole community hospitals.

6. The formulas for calculating the maximum allowable payment for outpatient facility fees and the alternative payment methodology [Title 8, California Code of Regulations §9789.33(a) and (b)] are changed to accommodate updated values and the rural SCH adjustment factor. The outlier threshold is $1,250.00 for services rendered after February 15, 2006.

7. To the extent references to the Federal Register or Code of Federal Regulations are made in any sections starting from section 9789.30 through 9789.38 of Title 8 of the California Code of Regulations, said section is amended to incorporate by reference
the applicable Federal Register final rule (including correction notices and revisions) and Federal Regulations in effect as of the date the Order becomes effective, for services rendered on or after February 15, 2006. In particular, to the extent a section makes reference to the CMS hospital outpatient prospective payment system final rule, said section is amended to incorporate by reference the final rule published on November 10, 2005 in the Federal Register (Vol. 70 FR 68515-69040) and is entitled "Medicare Program; Changes to the Hospital Outpatient Prospective Payment Systems and Calendar Year 2006 Payment Rates; Final Rule" (CMS-1501-FC); and correction notice published on December 23, 2005 (Vol. 70 FR 76176-76196) entitled “Medicare Program; Changes to the Hospital Outpatient Prospective Payment System and Calendar Year 2006 Payment Rates; Correction” (CMS-1501-CN2). To the extent a section makes reference to the CMS hospital inpatient prospective payment system final rule wage index values, said section is amended to incorporate by reference the final rule published on August 12, 2005 in the Federal Register (Vol.70 FR 47278-47707) entitled “Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2006 Rates; Final Rule” (CMS-1500-F), and correction notice published on September 29, 2005 (Vol. 70 FR 57161-57164) entitled “Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 2006 Rates; Correction” (CMS-1500-CN).
