**First Report of Injury (FROI)** -- Injured workers' claims based upon the reported calendar year of injury from 2000 - 2013 using DN 31 (date of injury). These are unique counts of Jurisdiction Claim Numbers (DN 5) processed in the Workers' Compensation Information System (WCIS).

A significant amount of variation across years results from noncompliance and late reporting of claims. DWC believes that its database is representative of claims in California's workers' compensation (WC) industry.
