Chief's Office

ARTICLE II
WORK COVERED - EMPLOYER RESPONSIBILITY

Section 2.01

The work covered by this Agreement shall be the sealing of sleeves, penetrations, holes, chases, passages, or openings of any kind in concrete, metal or any other material by means of machinery, tools, and equipment powered by any other method, the purpose of which is to seal after the passage, placing or installation of pipe, conduit, tubing or any other material installed by employees of contractors in the plumbing, heating and piping industries.

Section 2.02

The Employer shall furnish all tools (with the exception of the employee's personal tools, identified as: a Knife, Tape Measure, Scissors, 8" Nippers, Drywall Saw, Straight Tin Snips (Yellow), Right Aviation Snips (Red), Left Aviation Snips (Green), Utility Knife, Flashlight, Putty Knife, Knee Pads, Tool Pouch and Belt), materials, equipment, and whatever else is required to perform the work of this Agreement. The Employee shall be responsible for cleaning and care of the Employer's tools. The Employee shall return all tools, material, and equipment to the Employer upon request. The Employer shall at no time assign the work of this Agreement to any employee that is not a Fire Safety Technician or Fire Safety Journeyman (collectively referred to as "Fire Safety Worker") referred by Local 5 or the U.A. affiliated Local Unions, as provided in Article V herein.

This Agreement shall be deemed executed when the parties signing shall have affixed their signatures hereto.
