

EXECUTIVE SUMMARY
OCCUPATIONAL SAFETY AND HEALTH
APPEALS BOARD

Summary of A. Teichert & Son, Inc. a Corp. dba Teichert Aggregates

Decision After Reconsideration

The hazard addressed by section 4002(a) is being struck by moving machine parts, and amendment of the safety order allegation in the citation to the section addressing the hazard shown, i.e being struck by material, was needed in order to sustain the violation. Due to lapse of time, the Appeals Board declined to consider such an amendment under the discretionary, post-submission amendment procedure of Board Rule 386.
