April 20, 2020

Dear Advisory Committee (AC) Members:

Your continued participation in the rulemaking process is valued by the Board. The minutes and latest version of the proposed text developed by the AC are posted on-line at <https://www.dir.ca.gov/oshsb/Use-of-Cone-Bar-Barricade-Petition-570-AC.html>

The rulemaking documents for the proposed revisions to Section 1635 are in development and will be reviewed. They are subject to further revision. When the review is completed and the cost determinations are finalized and approved, the rulemaking package will be Noticed for a future Board Public Hearing.

In order to avoid delaying the entire project, the Board decided to move forward with the proposed revisions to Section 1635. Board staff plans to schedule a subcommittee meeting for the proposed revisions to Section 1710 either via teleconference or conventionally, face-to-face, after the state's stay at home order (Executive Order N-33-20) is lifted and we are permitted to do so. We will keep the committee apprised of future meeting(s).

If you have any questions or comments do not hesitate to contact me at telephone number (916) 274-5723 or email at mchan@dir.ca.gov.

Thank you for your understanding.

Maryrose Chan

Sincerely, Maryrose Chan
Senior Safety Engineer
