Filed with Secretary of State on July 31, 2002  
Effective August 30, 2002

**STANDARDS PRESENTATION  
TO  
CALIFORNIA OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD**

PROPOSED STATE STANDARD,  
TITLE 8, CHAPTER 4

Amend Section 4799 to read:

§4799. Training of Operators and Instructions.

Employees in charge of the oxygen or fuel-gas supply equipment including generators, and oxygen or fuel-gas distribution piping systems shall be instructed for this work in accordance with the requirements of Section 3203 of the General Industry Safety Orders before being left in charge. Rules and instructions covering the operation and maintenance of oxygen or fuel-gas supply equipment including generators, and oxygen or fuel-gas distribution piping systems shall be readily available.

NOTE: Authority cited: Section 142.3, Labor Code. Reference: Section 142.3, Labor Code.
