FROM:	Christine Baker, Director, Department of Industrial Relations
SUBJECT:	 Fiscal Year 2015/2016 Assessments: Workers' Compensation Administration Revolving Fund (WCARF) Uninsured Employers Benefits Trust Fund (UEBTF)

- Subsequent Injuries Benefits Trust Fund (SIBTF)
- Occupational Safety and Health Fund (OSHF)

- Workers' Compensation Fraud Account (FRAUD)

Labor Code Sections 62.5 and 62.6 authorize the Department of Industrial Relations to assess employers for the costs of the administration of the workers' compensation, health and safety and labor standards enforcement programs. These assessments provide a stable funding source to the support operations of the courts, to ensure safe and healthy working conditions on the job, to ensure the enforcement of labor standards and requirements for workers' compensation coverage.

Labor Code Sections 62.5 and 62.6 require allocation of the six assessment types between insured and selfinsured employers in proportion to payroll for the most recent year available. Enclosed with this letter is an invoice for assessments for your company's (or companies') share of the following total assessments and a document showing the methodology used to compute the assessment amounts and the resulting determination of the respective assessment/surcharge factors. The factors are applied to the premium amount as described in the following sections of this letter.

Labor Code § 62.6	Workers' Compensation Fraud Account Assessment (FRAUD)	\$58,862,000	0.001741

The total assessment is calculated on the basis of the direct workers' compensation premiums reported to the Department of Insurance for Calendar Year 2014 by you or your group of carriers. Your first installment is due on or before January 1, 2016, with the balance due on or before April 1, 2016.

Assessment Methodology for Single Carriers

If you were a single carrier and not part of an insurer group who reported data to the WCIRB on an individual company basis for 2013, your Total California Direct Written Premium for assessment purposes is the amount reported for calendar year 2014 to the WCIRB, which reflects the premiums charged to policyholders with the exception that it excludes the impact of deductible credits, retrospective rating adjustments, and policyholder dividends.

Assessment Methodology for Insurer Groups

If you were part of an insurer reporting group who reported data to the WCIRB for 2014, your Total California Direct Written Premium for assessment purposes has been determined as the product of (a) the total 2014 written premium reported to the WCIRB on the aforementioned basis and (b) the ratio of your company's 2014 California written premium as reported in the 2014 Statutory Annual Statement (these amounts include the effect of deductible credits and retrospective rating adjustments) to the total 2014 Statutory Annual Statement of California written premium reported for your insurer group as a whole.

HOW YOUR ASSESSMENT AMOUNTS WERE CALCULATED:

WCARF ASSESSMENT (Section 5.1 of attached Methodology):

(1.076178217* X 2014 Total California Direct Written Premium) X 0.003433

<u>UEBTF ASSESSMENT (Section 5.3 of attached Methodology):</u> (1.076178217* X 2014 Total California Direct Written Premium) X 0.000532

<u>SIBTF ASSESSMENT (Section 5.5 of attached Methodology):</u> (1.076178217* X 2014 Total California Direct Written Premium) X 0.001191

OSHF ASSESSMENT (Section 5.7 of attached Methodology): (1.076178217* X 2014 Total California Direct Written Premium) X 0.001925

LECF ASSESSMENT (Section 5.7 of attached Methodology): (1.076178217* X 2014 Total California Direct Written Premium) X 0.001215

<u>FRAUD ASSESSMENT (Section 5.10 of attached Methodology):</u> (1.076178217* X 2014 Total California Direct Written Premium) X 0.001741

* Ratio of the expected total 2015 premium to the 2014 Total Direct Written Premium of all insurers (17,800,000,000) ÷ (16,540,011,416) =1.076178217

REQUIRED EMPLOYER ASSESSMENTS

All workers' compensation insurance policies you issue with an inception date during the calendar year 2016 must be assessed to recover amounts advanced on behalf of policyholders. Assessable Premium is the premium the insured is charged after all rating adjustments (experience rating, schedule rating,

premium discounts, expense constants, etc.) except for adjustments resulting from the application of deductible plans, retrospective rating or the return of policyholder dividends.

The assessment factors to be applied to the estimated annual assessable premium for 2016 policies are shown in the table on the first page. These are the same factors that were used to calculate your attached assessment.

If you have any questions relating to this assessment, please contact Amadeo F. Urbano, Jr., Accounting Administrator II, at (415) 703-4283 or <u>AUrbano@dir.ca.gov</u> or Naomi P. Carter, Analyst, at (415) 557-1020 or <u>NCarter@dir.ca.gov</u>

Christine Baker Director

Labor Code Sections 62.5 and 62.6 authorize the Department of Industrial Relations to assess employers for the costs of the administration of the workers' compensation, health and safety and labor standards enforcement programs. These assessments provide a stable funding source to the support operations of the courts, to ensure safe and healthy working conditions on the job, to ensure the enforcement of labor standards and requirements for workers' compensation coverage.

The purpose of this letter is to inform you that you will be receiving an invoice for your share of the assessments authorized by Labor Code Sections 62.5 and 62.6. The Labor Code requires allocation of the total assessment between insured and self-insured employers in proportion to payroll for the most recent year available

Attached is a worksheet detailing the methodology used to compute the Workers' Compensation Administration Revolving Fund, Uninsured Employers Benefits Trust Fund, Subsequent Injuries Trust Fund, Occupational Safety and Health Fund, Labor, Labor Enforcement and Compliance Fund allocation and Workers' Compensation Fraud Account Assessment and to allocate the assessment between insured and self-insured employers.

Your share of the various assessments will be calculated by multiplying the self-insured employer assessment factors for each assessment by the total indemnity paid by your organization.

Labor Code Sections 62.5 and 62.6 authorize the Department of Industrial Relations to assess employers for the costs of the administration of the workers' compensation, health and safety and labor standards enforcement programs. These assessments provide a stable funding source to the support operations of the courts, to ensure safe and healthy working conditions on the job, to ensure the enforcement of labor standards and requirements for workers' compensation coverage.

The purpose of this letter is to inform you that you will be receiving an invoice for your share of the assessments authorized by Labor Code Sections 62.5 and 62.6. The Labor Code requires allocation of the total assessment between insured and self-insured employers in proportion to payroll for the most recent year available.
